T LEVEL PLACEMENTS - COMING SOON!

Meet the workforce of the future

T Levels are a new, two-year qualification for 16 to 19-year-olds. Designed with employers, each T Level is equivalent to 3 A-Levels and helps young people develop the knowledge, attitude and practical skills to thrive in the workplace.

At the heart of each course, is a 45-day industry placement which will give employers early access to the brightest talent entering your industry.

Our students will be placed one or two days per week with an employer from October 2021, working unpaid within the organisation during their studies. We will support you at each stage of your industry placement journey - from selecting the right student through to managing their contribution to your business, and maybe even hiring a new employee.

£1,000 per placement

Employers are eligible for a £1,000 payment from the Government for each T Level student placement.

The incentive fund is designed to offer support to employers impacted by the pandemic, to ensure they can continue to host placements. Employers will be able to claim for up to 20 students for the available T Level subject areas from until July 2022.

T Level pathways

Academic Year 2021-22

- ↑ Digital Production, Design and Development (Sunderland College)
- ↑ Building Services Engineering for Construction (Sunderland College)
- ↑ Design, Surveying and Planning for Construction (Sunderland College)
- ↑ Health (Adult Nursing) (Sunderland College and Hartlepool Sixth Form)
- ↑ Education and Childcare (Hartlepool Sixth Form)
- ↑ Laboratory Science (Hartlepool Sixth Form)

If your organisation is looking for talent in any of these areas, and can offer support and mentoring to a young person, we can support you with a suitable candidate for your industry placement.

What are the benefits for my business?

Industry placements give you early sight of the new talent coming into your industry. They can help you with recruitment, improve innovation, and increase your organisation's productivity. They also have important social benefits.

Smarter recruitment

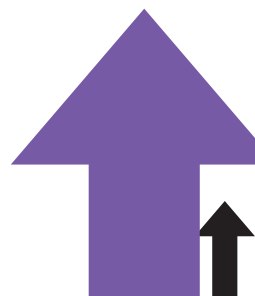

- ↑ A solution for entry-level jobs
- ↑ Cost-effective channel for recruitment
- ↑ Develop young people into your industry

Support for your staff

- ↑ Better management and mentoring skills
- ↑ A fresh perspective
- ↑ Extra help with projects

Support your local community

- ↑ Improved diversity
- ↑ Create shared value in your community
- ↑ Enhanced brand image and profile

Ready to get involved? We can help.

We would love to speak to you about partnering with your organisation to host industry placements. We can answer any questions you have, and help you plan and prepare to offer placements to your workforce of the future.
